

Alton MultiSpecialists

Welcome to Alton MultiSpecialists' online Patient Portal!

<https://www.nextmd.com>

Patient Portal is an online, secure web site that allows patients to message their providers and request appointments.

Reasons for using Patient Portal

- Empower patients by sharing their health information and encouraging communication with their healthcare providers.
- Provide patients with the tools to help them be more active participants in their own care.

Patient Portal Benefits

- Message your provider with any non-urgent medical questions using simple, secure e-mails.
- Request appointments with your physician's office at your convenience. Once your appointment has been scheduled by the office staff, you will be notified via email with your appointment date and time.
